CHAPTER 6

OTHER BUSINESS REGULATION AND LICENSING

SECTION 6.02. LICENSE APPLICATIONS – PROCEDURE AND ADMINISTRATION.

Subd. 1. General Application Requirements. All activities licensed by the City are subject to the application process and requirements set forth in this Section, and as supplemented by other Sections of this Code or as otherwise required by law. All applications shall be made at the office of the City Clerk upon forms prescribed by the City, or if by the State of Minnesota, then together with such additional information as the Council may desire. Information required may vary with the type of business organization or person making application. All questions asked or information required during the application process shall be answered fully and truthfully by the applicant. The Council has determined that a comprehensive background investigation is necessary for each applicant. Such an investigation must be performed during the initial application process and may be performed anytime during the pendency or renewal of a license. A licensee shall allow the City to examine its records or other data in its possession or control in order to verify or investigate owners of a business or other information related to licensure. Each person or business named in or as part of this application shall execute a written authorization allowing the City and/or the Chief of Police to verify all information disclosed as part of the application.

Subd. 2. False Statements. It is unlawful for an applicant to make a false statement or willful omission in any application form or document, or to any inquiry or assertion made during the application process. A license application or license is rendered void at the moment such false statement or willful omission is made, whether or not it is discovered by the City. A voided license application or license is not cured by a subsequent grant of license renewal or amendment by the City, nor does it protect the applicant or licensee from prosecution or civil penalties for violation of law or operating without a valid license. Upon discovery of such false statement or willful omission a license application or license is revoked effective immediately upon notice to the applicant or licensee.

Subd. 3. Fees.

A. Application Fees. At the time of the initial application or license renewal, an applicant for each license type set forth in this Code shall pay the City a separate application fee as established by the Council.

B. Investigation Fees. At the time of an initial application, license renewal or at any time during the pendency of a license the City may conduct a background investigation of each applicant. The applicant shall pay an investigation fee as established by Council. Should the City's investigation costs exceed the scheduled fee, the applicant shall reimburse the City for its actual costs to conduct the background investigation. During initial and renewal applications this fee is due before an application will be processed by the City.

Subd. 4. License Action.

A. Granting. All licenses shall be issued on an annual basis as specified by each license type. The Council may approve a license application for a remaining period of the annual license year or for the entire ensuing license year. Prior to consideration of any application for a license, the applicant shall pay the license fee, and if applicable, pay the investigation fee.

B. Issuing. If an application is approved, the City clerk shall forthwith issue a license pursuant thereto in the form prescribed by the City or the property agency of the State of Minnesota, as the case may be. For licenses issued and which are to become effective other than on the first day of the licensed year, the fee to be paid with the application shall be valid only at one location and on the premises therein described.

C. Refundment. Fees are paid in full and not subject to a refund unless otherwise specified by statute. A quarterly pro-rata share of an annual license fee shall be paid for any license approved for a period of less than one year.

D. Transfer. No license shall be transferable between persons without prior consent of the Council and payment of the investigation fee. No license shall be transferable to a different location without prior consent of the Council and payment of the fee for a duplicate license or other costs related to investigation of the transfer.

E. Refusal and Termination. The Council may, in its sole discretion and for any reasonable cause, refuse to grant any application. The City shall only terminate a license by expiration or revocation. A licensee may terminate a license by failure to adhere to lawful requirements or by voluntary cancellation.

F. Fine, Suspension or Revocation. The Council may, in its sole discretion and for any reasonable cause, proscribe a civil penalty not to exceed \$2,000.00 or suspend for a period not to exceed sixty days, any license granted under the provisions of this chapter. The Council may, in its sole discretion and for any reasonable cause, revoke any license granted under the provisions of this chapter. These penalties are independent from any criminal prosecution.

G. Right to Hearing. No civil fine, suspension or revocation shall take effect until the licensee has afforded an opportunity for a hearing before the Council, a committee of the Council, or a hearing examiner, as may be determined by the Council in action calling the hearing. Such hearing shall be called by the Council upon written notice to the licensee served in person or by certified mail not less than fifteen days prior to the hearing date, stating the time, place and purpose thereof.

Subd. 5. Business Applicants & Licensees.

A. Business Ownership. An application for a license to be used by a business entity shall disclose all owners which have a beneficial interest in the business. It is presumed that any entity owning 5% or more of the business owns a beneficial interest. A business applicant must furnish the City with a list of all entities which own a beneficial interest and describe the extent of such interest. The list shall name all such owners, show the number of shares or percentage of ownership held by each, either individually or beneficially for others.

B. Report Change of Ownership. It is the duty of each business licensee to notify the Clerk of any change in legal ownership, beneficial interest or voting control in such corporation. Such notification is required for any corporation, partnership, limited liability corporation, trust, sole proprietorship, or any other form of business ownership. A transfer of stock or ownership of a beneficial interest of a business holding a license is deemed a transfer of the license, and transfer without prior approval of the City Council renders the license void. An application to transfer a license shall be provided to the City Clerk at least 90 days prior to the proposed transfer and shall be treated the same as an application for a new license. A transfer of ownership or beneficial interest in the type of shares entitled to vote at a meeting of the shareholders of a corporate licensee, which results in the change of voting control of the corporation by the persons owning the share(s) therein, shall be deemed equivalent to a transfer of the license issued to the corporation, and any such license shall be revoked thirty days after any such change in ownership or beneficial interest of shares unless the Council has

been notified of the change in writing and has approved under the same standards as an application for a new license.

Subd. 6. Duplicate Licenses. Duplicates of all original licenses under this Chapter may be issued by the Clerk without action by the Council, upon licensee's affidavit that the original has been lost, and upon payment of a fee as established by the Council for issuance of the duplicate. All duplicate licenses shall be clearly marked DUPLICATE.

Subd. 7. Posting. All licensees shall conspicuously post their licenses in their places of business. If the licensee does not have a place of business the licensee shall conspicuously display the license on or about their person.

Subd. 8. Agent. Before a license is issued to an individual or to any business, corporation, partnership, or association, the applicant or applicants shall appoint in writing a natural person as its manager or agent. Such resident manager or agent shall, by the terms of his/her written consent, (1) take full responsibility for the conduct of the licensed premises, and, (2) serve as agent for service of the notices and other process relating to the license. Such manager or agent must be a person who, by reason of age, character, reputation, and other attributes, could qualify individually as a licensee.

Subd. 9. Persons Disqualified. No license may be issued, transferred, or renewed if the results of any investigation show, to the satisfaction of the Council, that such issuance, transfer, or renewal would not be in the public interest. It is presumed that is not in the public interest to issue a license to any person or any establishment owned (in whole or in part) to a disqualified person. The criteria of qualified and disqualified persons will vary depending on the type of license, and the Council shall set forth such criteria as it shall deem appropriate.

Subd. 10. Delinquent Taxes and Charges. Any license issued by the City is voided whenever taxes, assessments, or other financial responsibilities to the City or other government institution are delinquent or unpaid, either in whole, in part, or by failure to pay an installment by the licensee or related to a licensed premises.

SECTION 6.09. RENEWAL OF LICENSES. Applications for renewal of all licenses shall be made at least 90 days prior to the date of expiration of the license, and shall contain such information as is required by the City. This time requirement may be waived by the Council for good and sufficient cause. The decision whether or not to renew a license rest within the sole discretion of the Council. No licensee has a right to have a renewed license.

CHAPTER 11

- 2) The Building Inspector may order the removal of any sign erected or maintained in violation of this Chapter. Ten (10) days notice in writing shall be given to the owners of such sign, or the owner of the building, structure or premises on which the sign is located, to either bring the sign into compliance with this Chapter, or effect its removal. Upon failure to remove the sign or to comply with this notice, the Building Inspector shall remove the sign immediately and without notice if it reasonably appears that the condition of the sign is such as to present an immediate threat to the safety of the public. Any cost of removal incurred by the City shall be assessed to the owner of the property on which such sign is located or may be collected in appropriate legal proceedings.

J. Sign Enforcement.

- 1) It shall be the responsibility of the Building Inspector to administer and enforce the sign provisions of this Chapter.
